

Join the inaugural cohort of the Engineering for One Planet Student Ambassador Program, and spearhead sustainability curriculum change efforts on your campus!

Details of ambassadorship:

- Time commitment: September 2025 - June 2026, approx. 2-4 hours per week
- All campuses and majors (including non-engineering) welcome!
- Receive tools, training, and support, and access a community of peers to guide your curriculum advocacy efforts
- *Join the EOP Network:* connect with experienced, motivated engineering and sustainability professionals to scale impact
- Develop skills in advocacy, leadership and persuasive communications

**Fill out the
Application Form at

EOPambassador](https://tinyurl.com/EOPambassador)
by Friday May 16**

"Being a part of EOP has equipped me with the tools and confidence to advocate for meaningful curriculum change on my campus. I feel proud knowing that my efforts are shaping the future of engineering to better address global environmental challenges and the green skills gap, and am grateful to be a part of an organization that truly makes an impact!"

- Emma Telepo, MSU mechanical engineering student
